

Riduan Aziz

Address: Malvita Para, Ukhia, Cox's Bazar

Mobile: (+88) 01849703495

E-mail: riduan.aziz46@gmail.com

Career Summary: Dedicated data management and humanitarian field professional with experience in **data collection, database management, beneficiary information management, monitoring activities, and digital reporting** within refugee and host community contexts. Skilled in **data verification, data cleaning, database maintenance, reporting, and analysis** using modern data management tools. Experienced in working with international humanitarian organizations and conducting field assessments, surveys, and community engagement activities while ensuring **data quality, confidentiality, and compliance** with organizational standards.

Objective: To leverage my technical expertise in **database management, data analysis, information systems, and humanitarian field operations** to support NGO's programs. I aim to contribute to evidence-based decision-making through accurate data management, reporting, visualization, and information management while ensuring data integrity, accountability, and operational efficiency.

Key Proficiencies:

- Database Management & Information Systems
- Data Collection, Cleaning & Verification
- Data Analysis & Reporting
- SQL & Database Querying
- Power BI & Data Visualization
- Microsoft Excel & Advanced Spreadsheet Analysis
- KoboCollect & Digital Data Collection
- Monitoring, Evaluation & Learning Support
- Data Quality Assurance
- Information Management & Documentation
- Community Engagement & Field Coordination
- Process Improvement & Technical Problem Solving

Date of Birth: October 19, 2000

Work Experience:

1. **Organization Name:** World Vision Bangladesh

Designation: Field Facilitator

Duration: From November 2021 to September 2022

Job Responsibilities:

1. Coordinated field assessments and monitoring activities in refugee and host communities.
2. Supported Focus Group Discussions (FGDs), Key Informant Interviews (KIIs), and household surveys.
3. Collected, verified, and managed field data using KoboCollect.
4. Maintained field records, reports, and documentation.
5. Ensured compliance with safeguarding, PSEA, and organizational policies.
6. Coordinated with facilitators, volunteers, Majhis, and camp stakeholders.
7. Submitted accurate and timely reports to supervisors.

Key Achievements:

1. Successfully supported large-scale field assessments and monitoring activities across refugee camps.

2. Improved data quality through effective verification and validation processes.
3. Maintained 100% compliance with safeguarding and data protection standards.

2. Organization Name: Handicap International (Humanity & Inclusion)

Designation: Data Enumerator

Duration: From 04 August 2019 to 30 August 2019

Job Responsibilities:

1. Conducted livelihood assessment surveys among refugee and host communities.
2. Collected and verified household socio-economic data.
3. Ensured data accuracy, completeness, and consistency.
4. Maintained confidentiality of beneficiary information.
5. Coordinated with supervisors to achieve assessment targets.
6. Prepared daily field reports.
7. Supported data quality assurance activities.

Key Achievements:

1. Successfully completed assessment targets within project deadlines.
2. Ensured accurate and high-quality data collection.
3. Contributed to evidence-based program planning through reliable data reporting.

3. Organization Name: Handicap International (Humanity & Inclusion)

Designation: Data Entry Operator

Duration: From April 2018 to July 2018

Job Responsibility:

1. Entered data from hardcopy documents into databases and spreadsheets.
2. Verified and cross-checked data for accuracy and consistency.
3. Conducted data cleaning and validation exercises.
4. Maintained confidentiality of sensitive beneficiary information.
5. Supported administrative and documentation activities.
6. Organized and maintained digital records.
7. Assisted project teams with database updates and reporting.

Key Achievement:

1. Maintained a high level of data accuracy and integrity.
2. Supported efficient management of beneficiary information systems.
3. Improved data consistency through systematic verification processes.
